(1) How can you identify an ICE agent or vehicle?

- a. Black SUV with darkened windows
- b. Men in tactical gear
- c. Government license plates

(2) Which investment group holds the most shares in GEO (the company that runs many detention centers)?

- a. Black Rock
- b. Vanguard
- 3. Goldman Sachs

(3) What trick wording can be found in Amendment 81?

- a. Reasonable effort
- b. Charged
- c. Notify

(4) How many ICE arrests were there in Colorado in July 2026?

- a. 300
- b. 175
- c. 495

(5) Which immigrant groups will be affected by proposed Medicaid cuts in HR1?

- a. Immigrants aren't affected as they don't receive Medicaid benefits.
- b. Some immigrants with green cards.
- c. Undocumented immigrants with criminal records.

(1) None of the above. Persons volunteering for ICE Watch at the GEO field office have seen vehicles of several US brands, colors and license plates even from different states. Agents usually wear plain clothing and put on gear when an arrest is imminent. They have seen pickup trucks with ladders and men in hard hats. This explains why there are few sightings in our communities.

(2) According to recent SEC institutional ownership filings, BlackRock, Inc. is the largest institutional shareholder of The GEO Group, holding roughly 14.5% to 15% of the company's outstanding shares (over 19.3 million shares). GEO says its contract to run the Hudson facility is expected to generate approximately \$85 million in annual revenues in the first full year of operations.

(3) a .and b. **Reasonable effort** can include racial profiling, language, clothing, physical appearance or lack of documentation on the person. Anyone can be **charged** of a crime (even from a neighbor) but charged does not mean convicted or provided due process.

(4) c. In Colorado, ICE arrested 495 people in July, according to investigative reporting from the Denver Post. That was the highest total since July 2025, when the agency arrested 547 people. DHS does not report on number of arrests.

(5) b. H.R. 1 ends Medicaid eligibility for several groups of immigrants who are living here **legally** — refugees and asylees, people granted humanitarian parole, people granted withholding of removal, survivors of domestic violence with a VAWA application (Violence Against Women's Act), and survivors of trafficking with a T-visa application. People in these groups keep full coverage only if they are pregnant or 18 and younger.
